

### **Office365 Pupil Login**

Every member of our school is provided with an Office365 account. In addition to providing an email account, Office 365 provides us with a collaborative environment where staff and pupils can create, store and share Microsoft documents online.

The benefits of Office 365 are:

- Cloud based services provide secure anywhere access to email, important documents, contacts and calendars on nearly any device, including PC, Mac, iPad, Windows Phone, iPhone and Android.
- Provides and works with the programs pupils know and use regularly – Microsoft Outlook®, Word, Excel®, PowerPoint® and OneNote®.
- Provides each pupil with a large 50GB mailbox.
- 1TB free online storage using OneDrive, for each pupil.
- Pupil access to Office Web Apps for viewing, sharing and light editing of documents.
- Includes industry-leading and most-up-to-date anti-virus and anti-spam solution built in.

Your user name and password for Office 365 will be given to you when you join the school. To log into your account, simply follow the link below:
