SVP Fun Raiser Event - 15th July 2022

Letters have been sent home via 'School Post' explaining the SVP Fun Raiser and how to get your tickets. There will be all sorts of activities you can take part in in school before the event, but we would love it if everyone could take part in some way, so buy as many tickets as you can and the profits from the event will support the SVP chosen charities. It would be wonderful if everyone could take part in some way.

Numeracy Challenge 35

In the sum shown, different shapes represent different digits. What digit does the square represent?

Numeracy Challenge 33 was entered by 277 pupils, a slight decrease in the previous week. You had to look through all the different triangles that could be made in the diagram. In total there were 37! Well done to Emily Ready, from 8 Finch, who correctly found this out.

To enter the Weekly Numeracy Challenge complete the weekly test that is set on FireFly.

Mr. Marsden

Year 11, you are nearly there! As I suspect this may be the last time you read the pupil bulletin, I want to thank you for the outstanding way you have conducted yourself throughout these challenging last few weeks. I am so proud of you all. Good luck for the remaining exams next week, and we look forward to celebrating the end of exams and all your achievements and experiences at Saint Bede's at the Prom on Thursday. As Year 11 move on, I am very excited by the ongoing process to appoint our new Head/Deputy Head Boy/Girl, Senior Prefects and Prefects from Year 10. Fergus, Isabelle and the team are leaving big shoes to fill but I know you are going to be amazing! Thanks to all of you for your attention during the assemblies about the toilet improvements which are starting at the weekend. As I said, it is going to be disruptive for a few weeks but at the end of the project you will all have much better facilities to improve your school experience.

Have a lovely weekend.

Mr Marsden
