March 2022

Dear Parents/Carers

As you will be aware, your child will shortly be making their 'Options' choices to determine the subjects they will study in Key Stage 4 (Years 10 and 11). It is likely that subject teachers will already have begun to discuss their Key Stage 4 courses with their classes.

As this process begins, I would like to invite you and your child to attend our Options Information Evening on Wednesday 16th March at 6.30pm. The event involve a presentation in the main school hall regarding the curriculum in Years 10 and 11 and how you can support your child with making informed choices during the 'Options' process. Following the presentation, senior staff will be available to answer any questions you may have.

After the event, you will be available to access our 'Options' information booklet via Firefly. A series of videos have also been produced by subject areas, which provide pupils and parents/carers with more information about the courses they offer. There will then be a period of several weeks for pupils and parents/carers to consider these important choices, with lots of help and guidance from the school.

The 'Options' choices form will be available via Firefly and must be submitted by Friday 6th May. Information as to how to complete the form will be provided during the Options Information Evening and in the booklet.

Confirmation of the subjects allocated to each pupil will be communicated to pupils and parents/carers later in the academic year.

Finally, as the event will be a formal occasion, I kindly ask for your support in ensuring your child wears **full school uniform**.

I would be grateful if you could confirm your attendance by clicking on the blue 'reply' button on Firefly. I look forward to seeing you on 16th March.

Yours sincerely

Mr M Shrewsbury
Assistant Headteacher
